**Office Fax:** 859-323-1057  
**Cell Phone:** 859-312-7717

## **EDUCATION**

<b>Dates</b>	<b>Institution/Location</b>	<b>Degree/Field of Study</b>
Aug. 2014 – Jan 2020	University of Kentucky College of Nursing Lexington, KY	PhD, Nursing
Aug. 2007 – May 2009	University of Louisville School of Nursing Louisville, KY	MSN, Nursing
Aug. 1997 – Dec 2001	University of Kentucky College of Nursing Lexington, KY	BSN, Nursing

## **LICENSURES AND CERTIFICATIONS**

Feb 2002 – present	Nurse Registration, KY 1098150, Kentucky Board of Nursing
Oct 2010 – present	Advanced Oncology Certified Clinical Nurse Specialist, Oncology Nursing Certification Corporation
Jan 2011 – present	Advanced Practice Nurse Registration, KY 3006781, Kentucky Board of Nursing

## **PROFESSIONAL EXPERIENCE**

### **Academic**

<b>Dates</b>	<b>Institution and Location</b>	<b>Title</b>
Apr 2020 – present	University of Kentucky College of Nursing Lexington, KY	Assistant Professor
Jan-May 2016	University of Kentucky College of Nursing Lexington, KY	Research Assistant- BREATHE Team
Aug –Dec 2007	Midway College Midway, KY	Clinical Instructor

## **Clinical**

<b>Dates</b>	<b>Institution and Location</b>	<b>Title</b>
Mar 2011- Apr 2020	Baptist Health Lexington Lexington, KY	Oncology Clinical Nurse Specialist, APRN
Aug 2009-Mar 2011	University of Kentucky Medical Center Outpatient Oncology Infusion Lexington, KY	Staff RN
Jun 2009-Aug 2009	Ephraim McDowell Regional Medical Center Danville, KY	Oncology Clinical Nurse Specialist
May 2006-May 2009	University of Kentucky Medical Center Blood and Marrow Transplant Unit Lexington, KY	Staff RN
May 2005- May 2006	University of Kentucky Medical Center Outpatient Hematology-Oncology Lexington, KY	Staff RN
Jul 2004-May 2005	American Mobile Healthcare	Travel RN
Mar 2002-July 2004	University of Kentucky Medical Center Blood and Marrow Transplant Unit Lexington, KY	Staff RN

## **HONORS AND AWARDS**

*2020 Carolyn A. Williams Award for Excellence in Nursing Research*  
University of Kentucky College of Nursing

*2019 Dorothy Luther Fellowship Fund Award*  
University of Kentucky College of Nursing

*2019 CARERC Scholar- traineeship*  
University of Kentucky College of Nursing

*2018 CARERC Scholar- travel scholarship*  
University of Kentucky College of Nursing

*GNAAC Travel Award*  
University of Kentucky College of Nursing  
February 2018

*2017 Sima Rinku Maiti Memorial Scholarship*  
University of Kentucky College of Nursing

*2016 & 2017 Betsy M. Holliday and Eunice S. Milton Scholarship*  
University of Kentucky College of Nursing

*2015 ONS Foundation Research Doctoral Scholarship*  
Oncology Nursing Society Foundation

*2014 ONCC Roberta Scofield Award Winner*  
Oncology Nursing Certification Corporation

*Nursing Professional Advancement Award*  
University of Kentucky Medical Center  
May 2009

## **RESEARCH GRANTS FUNDED**

R01 ES030380-01A1 Hahn (PI) 02/20/2020-11/30/2024  
NIH/NIEHS

*Radon on the RADAR*

Exposure to radon in the home is a major cause of lung cancer. This community-academic team-led project seeks to identify geological and atmospheric conditions that increase radon intrusion into homes, increase community awareness of risk and home radon testing, and grow access to radon mitigation.

Role: Co-I

P30 ES026529 Hahn (PI)  
2017-2022

NIH/NIEHS

*UK-Center for Appalachian Research in Environmental Sciences: Community Engagement Core*

Role: Co-I; Co-Lead Community Engagement Core

CRCPD Stanifer (PI)  
10/2020-08/2021

*Growing access to mitigation in high radon rural communities using a novel business development approach.*

Kentucky experiences a chronic lack of access to certified radon measurement and mitigation professionals, especially in high radon rural areas. This study aims to increase access to mitigation in high radon rural, underserved communities by identifying and training certified radon measurement and mitigation professionals using a novel business development approach.

PON2 728 2000002380 Hahn (PI)  
Kentucky Department for Public Health (KDPH)  
*Community Partnerships for Tobacco Use Prevention (KDPH)*

UK College of Nursing shall provide technical assistance to state and communities in developing policies and practices to reduce exposure to secondhand smoke based on CDC's best practices.

Role: Co-I

PON2 728 2000002263 Hahn (PI)

KY Dept of Public Health

*Clean Indoor Air Partner: Radon 2020 – 2022*

This project will build demand and capacity for certified mitigation and measurement specialists in Appalachian Kentucky by using evidence-based science and developing capacity for a train-the-trainer course in the eastern part of Kentucky where there are currently no certified radon measurement or mitigation specialists. The project also involves dissemination of county-level radon maps and public education and training Family and Consumer Science agents in Appalachian Kentucky to conduct Radon Test and Win Contests to promote radon testing.

Role: Co-I

5P30ES026529 Haneberg (Pilot-PI)

04/05/21-03/31/22

NIH/NIEHS

*Pilot: Center for Appalachian Research in Environmental Sciences: UAV-based Aeroradiometric Mapping to Understand Geologic Controls on Intraformational Radon Variability: Towards an Improved Rational Basis for Indoor Radon Potential Microzonation*

In combination with UAV-mounted LiDAR and ground-based in-situ soil-radon measurements, the spectrometer data will be used to evaluate potential variation of soil radionuclides (and by proxy soil radon) in the vicinity of mapped faults and observed karst sinkholes. The results of these local surveys will be evaluated quantitatively for uncertainty and the results used to inform future radon potential mapping in Kentucky and elsewhere.

Role: Co-I

UL1TR001998 Stanifer (Pilot-PI)

11/2021-1/2023

*Pilot: Evaluating Radon and Tobacco Smoke Co-exposure Risk Messaging with Patients at High-Risk for Lung Cancer during the Primary Care Visit*

This mixed-methods study will examine primary care providers' (PCPs) knowledge, beliefs and practices related to lung cancer prevention and explore current tobacco and radon risk messaging during lung cancer screening SDM visits. We will fill a critical gap in understanding tobacco and radon risk reduction practices and identifying opportunities for integrating risk messaging into the PCP lung cancer screening SDM visit.

P30 CA177558 Stanifer (Pilot-PI)

07/2022-06/2023

*Lung Cancer Prevention Policy: Building Consensus for Radon Control*

This study employs the 2-step policy Delphi method to engage former policy makers from Kentucky and its 7 contiguous states to build consensus on radon control policy.

PON2 728 2200002615 Stanifer (Pilot-PI)

KY Department of Public Health

07/2022-06/30/2024

*Radon Continuing Education*

This project seeks to educate and promote awareness of the effects of smoking, radon and secondhand smoke with citizens of Kentucky, in particular healthcare providers and those in public health. UK BREATHE provides critical support to increasing radon testing and mitigation in Kentucky which supports the core goals of the EPA State Indoor Radon Grant.

32100001886 Stanifer (Pilot-PI)

UK for KY

11/2022-12/2023

*Evaluation of Health and Safety Information Dissemination with Vulnerable Patients and Providers Post-Flooding*

This project seeks to gather healthcare providers views on the usability, usefulness and perceived impact and dissemination of a health and safety tip sheet for use with vulnerable patients after a flooding event.

P30 ES026529 Hahn (PI)

2023-2027

NIH/NIEHS

*UK-Center for Appalachian Research in Environmental Sciences: Community Engagement Core*

Role: Co-I; Co-Lead Community Engagement Core

7/1/2023-3/31/2024 Stanifer-PI

*UK-CARES Career Development Award*

## **GRANTS SUBMITTED**

2R01 ES030380-06 Stanifer (PI)

NIH/NIEHS

*Radon on the RADAR*

Exposure to radon in the home is a major cause of lung cancer. This community-academic team-led project seeks to build capacity for radon mitigation in rural communities and discover radon risk messaging intended to prompt radon risk reduction behavior. Additionally, we will support public health action by developing an automated report-back website and investigate the soil processes and characteristics to support pre-construction radon risk forecasting and radon resistant new construction policy.

Pending Review
